Official Doctor Team Joins Fight Against Recreational Marijuana Legalization

Lansing, MI: Healthy and Productive Michigan, the committee that opposes Proposal 18.1 and the effort to legalize recreational marijuana, is excited to announce that Dr. William Morrone, DO and Dr. Phyllis Boniface, MD will serve as their campaign medical directors.

Scott Greenlee, President of Healthy and Productive Michigan said, *“Our efforts to defeat this proposal has had overwhelming support from the medical community. These leaders are very aware of how this “plant” (as the opposition likes to refer to it) can have a radically dangerous influence on users and “second hand users” physical and mental well being.”*

The Michigan State Medical Society, which represents 15,000 doctors in Michigan, has come out strongly against this proposal. An overwhelming amount of medical professionals agree: recreational marijuana is dangerous.

These doctors will lead a coalition of medical professionals who strongly oppose 18.1 and any legalization of recreational marijuana.

Dr. Morrone is the Medical Director of Recovery Pathways and the Deputy Chief Medical Examiner in Bay County. Dr. Boniface works in a private practice and has been treating patients for over 30 years with mental and behavioral health issues. They will serve as Medical Spokespeople for the campaign, offering their expertise, and deep understanding of this issue.

In a joint statement, Dr. Morrone and Dr. Boniface said the following, *“We are proud to be part of such an important effort. We both feel passionate about making sure every Michigan citizen is well aware why **this particular ballot proposal is bad for Michigan citizens.** This proposal would be unleashing marijuana like water onto our streets and is morally, medically, and fundamentally wrong.”*

They will be available for interviews (to be arranged through the contact information above). Dr. Morrone will be featured at a debate, hosted by Families Against Narcotics, on October 1, 2018 at 6:30 PM in Canton, MI.

Healthy and Productive Michigan is an organization committed to stopping recreational marijuana in Michigan. To learn more, donate, or volunteer please go to www.healthyandproductivemi.org and find us on Facebook at Healthy and Productive Michigan.
